

Toolkit 6 User Group Webinars

Presented by ICLUBcentral Inc.

Featuring Investment Club Expert Doug Gerlach.

Toolkit 6 is the world's most popular software for stock analysis. Make the most of your investment in the program by attending ICLUBcentral's monthly Toolkit 6 User Group meeting with resident expert Doug Gerlach, and get the answers you need!

Each webinar features a short presentation, followed by an open Q&A period. Whether you have questions about portfolio management, stock analysis, or features of the Toolkit 6 software, Doug can help. Held on the first Tuesday of each month, from 9pm – 10pm ET, these webinars are free! For more information, to view archived presentations, or to register, please visit:

Attendees Rave about ICLUBcentral's Webinar Series!

"Doug did an excellent job on the webinar. I am looking forward to the next one. We have available to us some very useful tools. Now, we just have to use them! Thank you."

- John Blankenberg

"I totally enjoyed the Webinar and learned much. It took away some of my fears and opened up a whole new vista of the potential for the program. To hear Doug in person was awesome. Very motivational! Thank you."

- Don Park

The webinar was my first visit to on-line education, and I enjoyed it more than if I attended a regular class. Doug was prepared and the screener itself is more powerful than I realized even though I have tinkered with it several times. This particular screener will be part of my future decision making process. Thanks, Doug."
